10:30 on Friday is fine for me. Should I invite EPA technical people to be on the call?

Lauren,

I am outside counsel for Carrier Corporation. I participated in the June 2nd call between EPA and various
PRPs concerning the Ley Creek sub-site. Subsequent to that call, a number of PRPs held a follow up
conference call where we discussed, among other things, our desire to maintain communications with
EPA while we all work through the very challenging issues associated with this site. To this end, I was
wondering if you might be free to have a short follow up discussion with myself, as well as counsel for
Syracuse China and National Grid. We are all free this Friday morning at 10:30 a.m., eastern if that works
for you. If not, we can try to arrange something early next week. Please let me know at your earliest
convenience.

Very truly yours,

David Nunn
